

We are so excited to be able to regather with our Shandon Kids (babies – 5th grade) at 9am on Sundays!

In an effort to love your children well and keep them safe, we will adhere to the CDC guidelines for social distancing. For this reason, **reservations are required in order to keep the number of children in each room to a safe minimum.** When registering, you will have to answer a few questions about the health of your child(ren) and family.

When you arrive on Sunday mornings, we're asking each family to enter through the gym doors in the back parking lot. From there, **all children and parents will have your temperature taken.** Anyone with a temperature at or above 100.4 is welcome to join us for online worship. After your temperature is taken, you'll need to complete a health questionnaire before checking your kids in. If your child begins showing symptoms while in our care, we will notify you at the first sign of symptoms to come pick up your child.

You will be able to complete a touchless registration when you download the One Church App. **We are asking all families to go ahead and download the One Church App** for easy registration that makes for a quick check-in process on Sunday mornings. You can also make your reservations through the app.

We ask that **just one parent or guardian bring the child into the kids hallways,** and that same parent or guardian be the one who picks them up at the end of service. Our classrooms and hallways will be set up with as many social distancing protocols as possible.

Volunteers will be required to wear masks and also have their temperatures taken. Children are encouraged to wear masks, but we understand that this is a challenge for some of our youngest children.

All items in our classrooms will be cleaned and sanitized after each week. Children will be encouraged to wash their hands often while in our classrooms. In addition to these safety measures, **we will also discontinue snack time.** No food or snack will be served while in the classroom. **If your infant needs a bottle, please use our new, relocated Nursing Mother's Room near the lobby.**

Starting in October, we are asking that all families who register a child for Sunday morning also volunteer in their child's room once a month. We are so grateful to be able to gather our children again on Sunday mornings and need loving volunteers to help us make it happen.

We are looking forward to serving your family and your children and can't wait to see the faces of our young friends we have missed so much during this season! Please feel free to reach out with any questions!
